

How She Economizes!

I study advertisements and I know where and when and how to purchase the household supplies. My husband used to laugh at me for reading advertisements so carefully, but he has long since learned that I save many dollars every month. I know of no better way to practice economy. It is a wonder how soon you learn to detect the real from the false—intuitively almost. I think I have never been "taken in" by an advertisement. This is the experience of a bright lady who has practiced what we preach from week to week in our advertisements. We have the goods at the very lowest prices made anywhere. How can you economize, save money easier, than by getting your supplies of all kinds below the regular prices.

THE PLATFORM.

Sub-Committee on Resolutions Completes Its Task.

The Financial Plank Opposes the Debasement of Our Currency.

Four Different Propositions Submitted by Mr. Teller Voted Down—The Plank Relating to Foreign Affairs Especially Strong—A Strong Pension Plank.

St. Louis, June 17.—The sub-committee on resolutions Tuesday night resolved to recommend to the committee on resolutions the following financial plank:

"The republican party is unreservedly for sound money. It caused the enactment of the law providing for the resumption of specie payments in 1875, since then every dollar has been as good as gold.

"We are unalterably opposed to every measure calculated to debase our currency, or impair the credit of our country. We are, therefore, opposed to the free coinage of silver except by international agreement with the leading commercial nations of the world, and until such agreement be obtained, the existing gold standard must be preserved. All our silver and paper currency now in circulation must be maintained at parity with gold, and we favor all measures designed to maintain inviolably the obligations of the United States, and all our money, whether coin or paper, at the present standard, the standard of the most enlightened nations of the earth."

The adoption of the above plank was not concurred in until four different propositions submitted by Mr. Teller were voted down. First Mr. Teller proposed a straightout plank for free coinage at 16 to 1. This was followed by a proposition to coin the American product, although Mr. Teller frankly confessed that he did not endorse this proposition, but would take it if it were possible to get it. The third proposition of Mr. Teller was a resolution declaring for free coinage accompanied by resolutions which, in brief, set forth the fact that the protective tariff system could not be maintained on a gold standard basis. The fourth proposition was a resolution submitted by Mr. Teller at the request of Mr. Fowler, of Wyoming. It provided for the coinage of the American product and a tariff on all silver and silver ores imported into the United States.

Mr. Teller, having been defeated all along the line, said that he was willing to leave the construction of the rest of the platform to the committee and started for his rooms for the purpose of getting a good night's rest. It was at Mr. Teller's request that the committee decided to make public the financial plank upon which it had agreed.

The sub-committee on resolutions completed the construction of the platform Tuesday night shortly before 12 o'clock. Every member was placed under injunctions of secrecy and the text of the platform will not be given out until after the full committee have acted upon it Wednesday morning.

The preamble and arraignment of the democratic party was written by Chas. Emory Smith. The tariff plank is vigorous in its enunciation of the policy of protection and reciprocity, and is based upon the speech made by McKinley in opening the Ohio campaign at Springfield. An effort was made to secure the insertion of a plank restoring bounties on sugar, but this was defeated, although the subject was cared for through the medium of a declaration for the protection of the American sugar grower and market.

The plank relating to foreign affairs is especially strong. It indorses the Monroe doctrine, commends the policy of the Harrison administration in affairs pertaining to Hawaii, and declares in favor of the recognition of the Cuban insurgents as belligerents.

There is also a strong pension plank in which the democratic administration of the pension office is arraigned and a demand made for liberal pensions.

The committee is pledged to vote down any and all amendments that may be offered to the financial plank.

SEVEN DROWNED.
A Reservoir Collapses—Loss of Life and Damage to Property.

BAKER CITY, Ore., June 17.—The Goodrich reservoir, located 15 miles from this city, collapsed an early hour Tuesday morning and a great volume of water rushed down the gulch, wrecking everything in its path. The home of R. French was swept away, and the entire family, consisting of the parents and five children were drowned. A number of bridges were carried away and considerable damage was done to grain fields. The reservoir was constructed in 1863.

Impossible to Arrange a Match.
SAN FRANCISCO, June 17.—It leaked out in pugilistic circles Tuesday that Corbett had received word from Wm. A. CAN'T SEIZE GOODS

Partly Paid for on the Installment Plan—Important Decision.

COLUMBUS, O., June 17.—The supreme court settled a much mooted question Tuesday when it decided finally against the Singer Sewing Machine Co. in a case carried up from Jefferson county. Belle Caldwell bought a sewing machine from the company, agreeing to make payments in installments. She could not keep up her payments and the company seized the machine and refused to refund any of the money paid. Miss Caldwell sued the company and won in both the lower courts. The supreme court affirms these decisions and the company will have to pay back \$36. "The principle involved will cover all classes of installment payments."

Columbians County for Gold.
LEBON, O., June 17.—The fight between the gold standard and the free-silver democrats waged warm in the county convention assembled here Tuesday, but victory perched on the gold-standard banner; they getting five delegates out of six to the state convention, Hon. W. S. Potts being the only successful one of the free silverites.

Withdraws From the Race.
COLUMBUS, O., June 17.—Henry J. Booth, democratic candidate for congress in this district, has withdrawn from the race. The reason he gives is that the method of nomination is irregular. The real reason is believed to be that while the majority of the party in the district is for free silver, he is for the single gold standard.

Earthquake and Tidal Wave.
YOKOHAMA, June 17.—Shocks of earthquake, accompanied by a tidal wave, have ravaged the northern part of Japan. The entire town of Kamai-shi has been destroyed and 1,000 persons were killed. During 20 hours there were 159 distinct shocks of earthquake.
